The Carpenters' Union. In accordance with previous announcement in THE BEE, a meeting composed principally of carpenters was held last evening at the court house. Mr. Wm. Roper called the meeting to order, and made a few remarks in which he referred to the close relationship between his trade and the carpenter's. He said that the bricklayers' union of Council Bluffs was responsible for the publication of the call, and stated the object of the meeting to be acquaintance with each otner, mutual benefit and the protection of all mutual interests. He stated that the bricklayers had, since the formation of their union, secured many objects of great advantage to them; that they had suc-ceeded in shortening the hours of labor Saturday to nine hours, thus giving the men a chance to make necessary purchases and prepare for the Sabbath, and there was no reason Bills of Thomas Skinner, Dr. Hart | why a carpenter should not gain a and S. DIED. VAN DE BOGERT-In this city, March 16th, at 7:45 p. m., David Eugene, fourth and youngest child of Herbert and Genie Van De Bogert, aged 10 months

During a brief visit to the ancient town of War-wick, R. I., recentle, our agent extended his trip to the southeastern extremity of the town, During a brief visit to the ancient town of Warwick R. I., recently, our agent extended has trip to the southeastern extremity of the town, to look about among the wonderful improvements which have been made in the appearance of Warwick N. ck during a comparative y brief period, and while cenversing on this subject with Col. Benjamin S. Harard, the papular proorietor of the Warwick Neck Hotel, he icanned that the greater part of the hansome featiences had been erected inside of a dozen year; and he also learned that Col. Bezard had been a great sufferer from a chronic disease of the Ridney and Bladder over fifteen years, the moss painful form of it being a stoppage or retention of the urine, which was so very severe at times as to disable him from his accustomed work, and even confine him to the bed, when a surgeo 'a assistance would be required to relive him. He was being doctore is large part of the time, but could got no permanent relief. At times his sufferings were terrible from sharp, cutting pains through the Kidneys and Bladder; and he had suffered so long and so severely that he had become discouraged of getting well again, especially as the doctor stated that it was doubtfut if a man of his age, with such a complicated disease of long standing, could be cured. But hat summer, when he was suffering inter-ely from one of these attacks: a gettleman who was boarding at his hotel, urged and persuad d him to try a bottle of Hunt's Remedy, as he had known of some wonderful cures effected by it.

Mr. Hazard says be had no faith in it, but consented reluxtantly to try it; and after taking it only two days, the intense pains and aches had disappeared, and he commenced to gain strength rapidly, and in less than a wesk was attending to his accustomed work, and has never had a return of the pains. I think it a duty I owe to humanity to say what your remedy has done for me. One year ago I contracted a basi case of Blood Di case, and not knowing the result of such groubles, I allowed it to run for some time, but finally applied to the best physician in this city, who treated me for six months. In THAT TIME I TOOK OVER 608 PILLS OF PROTOCOLDER OF MISCURY I grain each, and had run down in weight from 210 to 157 pounds, and was confined to my bed with Mercurial Rhevmatism, scarcely able to turn myself over. Being a traveling man, some of the fracterity found me in this deplorable condition, and recom-

mended me to try your several specific. as had been cured by its use. I commended the use it with very little faith anp in less that three weeks was able to take my place on the road. The sores and copper-collored spots gradually disappeared, and to-day I have not a soreor spot on my porson, and my weight is 217 pounds, being more than it ever was. I do not wish you to publish my name, but you may show this letter to any who doubt the merit of S. S. S. for I know it is a sure cure.

Some thirty years ago there lived in Montgo mery, Ala., a young man who was terribly afflicted.
